## IMPORTANT TERMS OF OUR HOME EQUITY APPLICATION DISCLOSURE

Originator NMLS ID: 641235  
Origination Co. NMLS ID: 511887

This disclosure contains important information about our HELOC Pennsylvania (the "Plan"). You should read it carefully and keep a copy for your records.

**AVAILABILITY OF TERMS.** All of the terms of the Plan described herein are subject to change. If any of these terms change (other than the ANNUAL PERCENTAGE RATE) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you paid to us or anyone else in connection with your application.

**SECURITY INTEREST.** We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

**POSSIBLE ACTIONS.** Under this Plan, we have the following rights:

**Termination and Acceleration.** We can terminate the Plan and require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if any of the following happens:

- (a) You commit fraud or make a material misrepresentation at any time in connection with the Plan. This can include, for example, a false statement about your income, assets, liabilities, or any other aspect of your financial condition.
- (b) You do not meet the repayment terms of the Plan.
- (c) Your action or inaction adversely affects the collateral for the Plan or our rights in the collateral. This can include, for example, failure to maintain required insurance, waste or destructive use of the dwelling, failure to pay taxes, death of all persons liable on the account, transfer of title or sale of the dwelling, creation of a senior lien on the dwelling without our permission, foreclosure by the holder of another lien or the use of funds or the dwelling for prohibited purposes.

**Suspension or Reduction.** In addition to any other rights we may have, we can suspend additional extensions of credit or reduce your credit limit during any period in which any of the following are in effect:

- (a) The value of your dwelling declines significantly below the dwelling's appraised value for purposes of the Plan. This includes, for example, a decline such that the initial difference between the credit limit and the available equity is reduced by fifty percent and may include a smaller decline depending on the individual circumstances.
- (b) We reasonably believe that you will be unable to fulfill your payment obligations under the Plan due to a material change in your financial circumstances.
- (c) You are in default under any material obligation of the Plan. We consider all of your obligations to be material. Categories of material obligations include, but are not limited to, the events described above under Termination and Acceleration, obligations to pay fees and charges, obligations and limitations on the receipt of credit advances, obligations concerning maintenance or use of the dwelling or proceeds, obligations to pay and perform the terms of any other deed of trust, mortgage or lease of the dwelling, obligations to notify us and to provide documents or information to us (such as updated financial information), obligations to comply with applicable laws (such as zoning restrictions).
- (d) We are precluded by government action from imposing the annual percentage rate provided for under the Plan.
- (e) The priority of our security interest is adversely affected by government action to the extent that the value of the security interest is less than 120 percent of the credit limit.
- (f) We have been notified by governmental authority that continued advances may constitute an unsafe and unsound business practice.
- (g) The maximum annual percentage rate under the Plan is reached.

**Change in Terms.** We may make changes to the terms of the Plan if you agree to the change in writing at that time, if the change will unequivocally benefit you throughout the remainder of the Plan, or if the change is insignificant (such as changes relating to our data processing systems).

**Fees and Charges.** In order to open and maintain an account, you must pay certain fees and charges.

**Lender Fees.** The following fees must be paid to us:

Description	Amount	When Charged
Stop Payment Fee:	5.00	At the time you request a Stop Payment
Overlimit Charge:	25.00	At the time your Credit Line balance exceeds your credit limit
Advance Less Than Minimum Charge:	25.00	At the time of an advance below the required minimum amount

**Late Charge.** Your payment will be late if it is not received by us within **16 days after the "Payment Due Date" shown on your periodic statement.** If your payment is late we may charge you 5.000% of the payment.

**Third Party Fees.** You must pay certain fees to third parties such as appraisers, credit reporting firms, and government agencies.

These third party fees generally total between \$0.00 and \$200.00. Upon request, we will provide you with an itemization of the fees you will have to pay to third parties.

**PROPERTY INSURANCE.** You must carry insurance on the property that secures the Plan.

**MINIMUM PAYMENT REQUIREMENTS.** You can obtain advances of credit during the following period: Ten (10) Years (the "Draw Period"). Your Regular Payment will be based on an amortization of the balance after your most recent credit advance as shown below or \$50.00, whichever is greater. Your payment will be rounded up to the nearest one dollar. Your payments will be due monthly.

<u>Range of Balances</u>	<u>Number of Payments</u>	<u>Amortization Period</u>
All Balances	240	240 payments

However, the amortization period will always be the shorter of the time shown above or the time remaining to the Maturity Date. At the time of each credit advance your Regular Payment will be recalculated based upon the amount of the advance and any other outstanding balance. Your "Minimum Payment" will be the Regular Payment, plus any amount past due and all other charges. The "Regular Payment" will be set to repay the balance after the advance, at the ANNUAL PERCENTAGE RATE, within the amortization period.

A change in the ANNUAL PERCENTAGE RATE can cause the balance to be repaid more quickly or more slowly. When rates decrease, less interest is due, so more of the payment repays the principal balance. When rates increase, more interest is due, so less of the payment repays the principal balance. If this happens, we may adjust your payment as follows: your payment may be increased by the amount necessary to repay the balance by the end of this payment stream. We will check periodically to see if your payment is sufficient to pay the balance by the Maturity Date. If it is not, your payment will be increased by an amount necessary to repay the balance by the Maturity Date. The first time we check may be soon after you open your account or may be as late as the 12th payment you make. After that we will check every 12 payments. If the interest rate increases after our last review of your Credit Line Account prior to the due date of your Credit Line Account, you will pay the entire remaining balance in a single balloon payment.

In any event, if your Credit Line balance falls below \$50.00, you agree to pay your balance in full.

**MINIMUM PAYMENT EXAMPLE.** If you made only the minimum payment and took no other credit advances, it would take 19 years and 10 months to pay off a credit advance of \$10,000.00 at an ANNUAL PERCENTAGE RATE of 4.000%. During that period, you would make 238 monthly payments ranging from \$39.63 to \$61.00.

**TRANSACTION REQUIREMENTS.** The following transaction limitations will apply to the use of your Credit Line:

**Credit Line Check Limitations.** The following transaction limitations will apply to your Credit Line and the writing of Checks.

**Minimum Advance Amount.** The minimum amount of any credit advance that can be made on your Credit Line is \$100.00. This means any Check must be written for at least the minimum advance amount.

**TAX DEDUCTIBILITY.** You should consult a tax advisor regarding the deductibility of interest and charges for the Plan.

**VARIABLE RATE FEATURE.** The Plan has a variable rate feature. The ANNUAL PERCENTAGE RATE (corresponding to the periodic rate), and the minimum payment amount can change as a result. The ANNUAL PERCENTAGE RATE does not include costs other than interest.

**THE INDEX.** The annual percentage rate is based on the value of an index (referred to in this disclosure as the "Index"). The Index is the Wall Street Journal Prime Rate. Information about the Index is available or published Wall Street Journal. We will use the most recent Index value available to us as of the first day of the billing cycle for any annual percentage rate adjustment. If the Index is no longer available, we will choose a new Index and margin. The new Index will have an historical movement substantially similar to the original Index, and the new Index and margin will result in an annual percentage rate that is substantially similar to the rate in effect at the time the original Index becomes unavailable.

**ANNUAL PERCENTAGE RATE.** To determine the Periodic Rate that will apply to your account, we subtract a margin from the value of the Index, then divide the value by 12 (monthly). To obtain the ANNUAL PERCENTAGE RATE we multiply the Periodic Rate by 12 (monthly). This result is the ANNUAL PERCENTAGE RATE. A change in the Index rate generally will result in a change in the ANNUAL PERCENTAGE RATE. The amount that your ANNUAL PERCENTAGE RATE may change also may be affected by periodic annual percentage rate change limitations and the lifetime annual percentage rate limits, as discussed below.

Please ask us for the current Index value, margin, discount and annual percentage rate. After you open a credit line, rate information will be provided on periodic statements that we send you.

**FREQUENCY OF ANNUAL PERCENTAGE RATE ADJUSTMENTS.** Your ANNUAL PERCENTAGE RATE can change yearly. Your ANNUAL PERCENTAGE RATE cannot increase or decrease more than 2.000 percentage points at each adjustment. However, under no circumstances will your ANNUAL PERCENTAGE RATE exceed 18.000% per annum or, go below 4.000% per annum at any time during the term of the Plan.

**MAXIMUM RATE AND PAYMENT EXAMPLE.** If you had an outstanding balance of \$10,000.00, the minimum payment at the maximum ANNUAL PERCENTAGE RATE of 18.000% would be \$155.00. This ANNUAL PERCENTAGE RATE could be reached at the time of the 84th payment.

**PREPAYMENT.** You may prepay all or any amount owing under the Plan at any time without penalty.

**HISTORICAL EXAMPLE.** The example below shows how the ANNUAL PERCENTAGE RATE and the minimum payments for a single \$10,000.00 credit advance would have changed based on changes in the Index from 1997 to 2011. The Index values are from the following reference period: as of 1st week ending in December. While only one payment per year is shown, payments may have varied during each year. Different outstanding principal balances could result in different payment amounts.

The table assumes that no additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant during the year. It does not necessarily indicate how the Index or your payments would change in the future.
